Poetical.

SHE WAS ALL THE WORLD TO ME.

In the sad and mournful Autumn,
With the falling of the leaf,
Death, the reaper, claimed our loved one,
As the husbandman the sheaf;
Cold and dark the day we laid her
'Neath the sighing cypress tree,
For though nothing to another,
She was all the world to me.

In the month of song and blossom,
In the month when tender flowers
Spring from Earth's maternal bosom—
Waked to life by gentle showers;
As I wandered close beside her
'Neath the spreading greenwood tree,
Fair, I said, and radiant maiden,
You are all the world to me.

Then the rose and bright eyed maiden
In the month of song and flowers,
Rosy-lipped and beauty-laden—
Curtained by the twilight hours—
Gave her hand into my keeping
'Neath the spreading greenwood tree,
And she said, with eyelids drooping,
You are all the world to me.

Bright the visions round us floated
On the quiet evening air,
For to them whose life is loving
There is beauty everywhere.
Long we stood, yet scarcely spoke we,
'Neath the spreading greenwood tree,
Sometimes hinting always looking
You are all the world to me.

But there hovered near a spirit
Darker than the bird of night,
And it touched her drooping eyelids,
Covered up her eyes of light;
Then with careful hands we laid her
'Neath the sighing cypress tree;
And my heart with her is buried—
She was all the world to me.

Miscellany.

UMBRELLAS.—

Not umbrellas themselves, but the manner of carrying umbrellas, especially when closed, is what we wish to call attention to. It needs but a single glance at a man, as he walks through the street with an unopened umbrella, to determine whether he lives in the country or in the city; whether he is a wide-awake, considerate man, or a careless, selfish stupid one.

There goes a man now, as we write this.—He is in the midst of quite a passing crowd of people. He has an umbrella—a large umbrella—and yet he carries it so carelessly, and in a manner so indifferent of the convenience and safety of those whom he passes, and who have as good a right to the sidewalk as he has, as to make himself and his umbrella positively a nuisance. When his umbrella is not on his shoulder, it is under his arm, and at right angles with his body; when it is not under his arm thus, he is pretty sure to be using it as a cane, or swinging it around to his own evident delight but to the great annoyance and real misery of his neighbors.

It is not at all necessary to describe the kind of a man this is, or where he lives, or what his general manners are. It is quite evident that he has grown up in a wide place, where there is plenty of room and but few people. It is equally as evident that he is a man of dull perceptions, selfish, thoughtless, lacking in respect for others, but abounding in self-respect. He don't, and can't, go into good society, for "good society" hates umbrellas and umbrella manners. He is simply, without his umbrella, and especially with it, a bore.

But there goes another man, and he has an umbrella, but you would scarcely observe it.—Indeed he appears to be as unconscious of it as are those who meet, or overtake, or pass him.—He carries it so compact, and so unobtrusively, and yet so gracefully, and so simply, and so naturally, that one is immediately impressed with the belief of him that he is a gentleman—a man of thought, wit, purpose, consideration and culture.

Dear reader, if you be a man (a woman always carries an umbrella gracefully and properly,) take it as no impertinence if we ask you—How do you carry your umbrella? Think of it.

AN OLD MAN'S ADVICE

Some disappointed old man, in the following advice, seeks to make young men suspicious of the girls:—

"Young man, keep your eyes open when you are after the women. If you bite at the naked hoop you are green. Is a pretty dress or form so attractive? or a pretty face even!—Flounces, boys, are of no sort of consequence. A pretty face will grow old. Paint will wash off. The sweet smile of the flirt will give way to the scowl of the termagant. Another and far different being will take the place of the lovely goddess who smile and eats your sugar candy. The coquette will shine in the kitchen corner and with the once sparkling eye and beaming countenance will look daggers at you. Beware! Keep your eye open, boy, when you are after the woman. If the dear is cross, and scolds at her mother in the back room, you may be sure you will get particular rubs all over the house.—If she blushes when found at domestic duties, be sure she is of the dish-rag aristocracy—little breeding and a great deal less sense. If you marry a girl who knows nothing but to commit woman-slaughter on the piano, you have get the poorest piece of music ever got up. Find one whose mind is right, and then pitch in.—Boy don't be hanging round like a sheep-thief, as though you were ashamed to be seen in the daytime, but walk up like a chicken to the dough-pile, and ask for the article like a man

THE MEANING AND USE OF BAYOUS.

We have heard and read, of late, a great deal about bayous, and many people don't know what to make of them. Some imagine them to be vast swamps lying between the Mississippi and its tributaries—or between any river and the uplands—and but few are acquainted with the fact that they are the offshoots of large rivers along the low alluvial bottoms of the Southwest.

The word is French, and means a gut, or channel, and many of them are as jagged and serpentine in their course as the intestines themselves, and a good deal longer in their measurement. Some of them, for example, will strike away from the parent water and make a long voyage of discovery through the unknown interior of the country; and after visiting the most outlandish places, here and there, and everywhere, bending and doubling, and curving themselves into all sorts of fantastic shapes, return once more to the bosom of their mother, often scores and even hundreds of miles from the original starting point of their wandering.

They are mostly sluggish streams, not very deep nor very wide; and it was the knowledge that these bayous formed a network of communication with all the Mississippi country, which suggested to the mind of Admiral Porter the idea of sending an expedition to try and reach the Yazoo river between Yazoo city and Vicksburge through one or more of these convenient channels.

R. H. EDDY,

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent Office, Washington,

(under the Act of 1837.)

No. 76 State St., opposite Kilby St.,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries, Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON
Commissioner of Patents.

I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office.

EDMOND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges."

JOHN TAGGART.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

ENGLAND AND OUR MINISTER.

There is an old adage that, "where there's a will there's a way;" and never was its truth more fully exemplified than in the tone and conduct of a portion of the English Press and Aristocracy towards the United States, during our unhappy troubles. The *will* in this case, has been to fix a quarrel upon us, in order to gain a pretext for more overt acts of sympathy and aid to the Southern rebels. The *way* has been the first improvement of each opportunity justifiable, (if any they have had), and unjustifiable, (and many they have had), to create a "diplomatic muss" with this government. The late "Bogus" was "got up" by taking advantage of a letter, given by our Minister in London, Mr. Adams, to an English firm who were about to send a shipment to Metamoras, in order to prevent their being unnecessarily detained upon suspicion of contrabandism. In order to a better understanding of this matter, we give here with a description of Metamoras and its position and relation, as given by a correspondent of the *Daily Advertiser*, who says:

> "Metamoras, a Mexican town, lies on one bank of the river Del Norte, while the other bank belongs to our rebellious State of Texas, whence the rebels draw many of their supplies. English ships sail from English ports under pretence of going to Metamoras on honest business. In reality they often go to furnish our rebellious enemies with arms and other commodities, contraband of war. When an officer of ours falls in at sea with a vessel liable to suspicion of this kind, he is bound to detain her till he is satisfied respecting the character of her voyage."

It will be seen by this, what a very convenient basis of contraband operations is offered by the position of this same Metamoras, and what facilities it affords oily, unctuous Johnny Bull for "whipping the devil round the stump,"—the only way, by the by, in which Johnny was ever known to flagellate his satanic majesty. This whole Metamoras affair is a diplomatic humbug. But it seems there are such beings, now and then, as *honest English* merchants, and Mr. Adams being convinced that such a firm were about to make a *bona fide* shipment of goods not contraband, gave their consignee a letter of protection, in order to save trouble both for them and for our Naval watchmen. Here is the letter which will speak for itself:

> "Legation of the United States,
> "London April 9.
>
> "Amid the multitude of fraudulent and dishonest enterprises from this kingdom to furnish supplies to the rebels in the United States, through the pretense of a destination to some port in Mexico, it gives me pleasure to distinguish one which has a different and a creditable purpose. Messrs. Howell and Zirman have furnished me with evidence which is perfectly satisfactory to me that they are really bound to Metamoras with a cargo intended for the Mexicans. I therefore very cheerfully give them this certificate at their request. It is not the disposition of the government of the United States to interfere in any way with an honest neutral trade, and it is deeply regretted that the frauds which have been so extensively practiced in this country have contributed so much to throw it under suspicion.
>
> "Charles Francis Adams.
>
> "Admiral Dupont, &c."

Out of this innocent affair, the English rebel-sympathizers have attempted to create an aggravated *casus belli*, and are rampant for war.—In doing this they very artfully endeavored to drag in France into a war-partnership, by asserting that the vessel which received this protection was intended to carry munitions of war to the Mexicans, and that this was the reason that Mr. Adams gave the above protection. But it is all abortive. Mr. Adams has judiciously drawn the lion's claws by making a very proper and satisfactory explanation, and Johnny must wait another turn of the wheel for a war-ticket. [illegible] our greatest protection against England and all European interference is a little by-play just now enacting in the midst of the European powers themselves—we mean the Polish Revolution—which already has complicated European diplomacy, and is fast becoming a European question. Wait but a short time, and let "patience have her perfect work," and the curious gaze of the world will be turned from distracted America, to a European arena that will offer a greater variety of gladiatorial exhibitions far more amusing, because their tragical features will be relieved by the burlesque of monarchical intrigues, amid the sinuosities of European diplomacy to preserve the *balance of power*, which is to Europe what slavery is to our Southern brethren—*their peculiar institution.*

[illegible] *Dollars.*—At an enthusiastic meeting of colored citizens lately held in Boston, the following patriotic resolutions were presented:

"Whereas, looking back throu' de vista of de past, we don't see nothing encouraging, and [illegible] look ahead things look wus'n [illegible] nuffin's got to be done.
Resolved, white folks hant done nothing.
Resolved, [illegible] culler'd folks to do sumthin.
Resolved, how's it gwine to be done?
Resolved, that's de question!"

The [illegible] Courier learns that Brig. Gen. [illegible] has been ordered to report at [illegible]. He will outrank all the officers in [illegible] except Maj. Gen. Banks.

[illegible] Canada were recently fined $25 [illegible] to serve in the same jury with a colored man.

THE VISITATIONS OF DEATH.—Within the short space of this week now passing, being now only in its third day, death has severed strong and loving ties in our midst. The insatiate archer has spared no time of life, but has selected his victims from those of widely varying ages. Extreme old age, like the ripened shock, declining manhood and early childhood, have each in turn been called upon, in so brief a space, to pay the universal but dread tribute. On Monday died Joseph G. Stevens Esq., a man well known and esteemed among us, and a native of our city, whose death we have noticed already, in the 69th year of his age. About the same time, died in Middletown, a short distance from Newport, Benjamin Weaver Esq., father of Joseph B. Weaver Esq., formerly of the Atlantic House and John G. Weaver Esq., formerly of the Ocean House, and well known in our community and state, having filled at times several public offices. He was chosen one of the Presidential electors at the time of Henry Clay's candidateship for President: our own State going in his favor. Mr. Weaver, was also, at one time, a member of the Legislature of this State. He was a man of strong integrity of character, and an estimable citizen. He lived to a ripe old age, being in his 83rd year, and has gone to his rest, full of years, and has left the heritage of a good name. His funeral occurs to-morrow afternoon at 2 o'clock. But the most painful dispensation is contained in our obituary notice of yesterday announcing the death of little Walter M. son of Hon. Wm J. Swinburne, nearly four years of age. One after another have the parents of this little boy, been compelled to bury in the grave, the children of their fondest hopes. This child, whose little form is to be laid away on Friday, is the third which these afflicted parents have lost within one year—the last previous loss being less than one month ago. Little Walter was the oldest boy, and his loss to his already stricken parents, is peculiarly afflicting. But it it be a consolation for them to know that many hearts feel deeply with them, and sympathize with them in their deep grief, then may their sorrow be assuaged—for many there be who mourn with them. This principle of human sympathy with human suffering is one of the noblest and divinest of our nature and our Savior was so Divine in his sympathy for Mary and Martha the sisters of Lazarus as he was when bidding the dead, with power, to come forth from the tomb, and was obeyed.

NEW COLORED SCHOOL.—INSUBORDINATION.—Our School Committee have erected a new and commodious school-house for colored children, on Spruce Street. It has been opened about two weeks. The teacher Mrs. Benson, colored, died very suddenly on Tuesday of last week and a Miss Palmer was placed in charge of the school. This seems to have been taken advantage of by some of the older pupils to create an insubordination in the school. The conduct of one pupil Henrietta Williams, about 14 years of age, was so outrageous that the teacher felt compelled to discipline her, in doing which she was resisted and assaulted by the refractory pupil. This girl also influenced others to acts of resistance to the teacher's authority, until the whole school was in so insubordinate a state, the authority of the civil magistrate had to be invoked. A complaint was made and a warrant issued against Henrietta Williams, under the statute against disturbing public schools, meetings &c. The Court was held at the school room in Spruce Street by Judge Turner. This was done in order to render the trial more effective upon the others. Even while the hearing was going on, and His Honor, Mayor Cranston was addressing the pupils, they behaved with great impropriety, which was only checked, by a stern rebuke and threat from the Mayor. After the hearing the Court adjudged the girls to be probably guilty, and as the case was one beyond the final jurisdiction of the Court, she was bound over to appear before the Supreme Court in August next for trial. The penalty in such a case made and provided is a fine, not exceeding one thousand dollars, and imprisonment, not exceeding one year. These are the facts as given to us by one of the city officers on Monday evening, and subsequently more fully by Mayor Cranston himself. We hope it will be a warning to all insubordinate scholars, to try and improve the ample and commodious means of education which our city through the Committee have created for them at a large expense.

U. S. DISTRICT COURT.—This Court met on Monday at the State House, in this city, for the purpose of holding the May Session, Hon. John Pitman, District Judge presiding. The case, U. S. vs. David P. Baker, was continued.

The cases, U. S. vs. Joanna Moore; U. S. vs. Bernard Hughes, and U. S. vs. Thomas McDermot; being actions under the Excise Law, were severally called and defaulted, and judgment entered for the United States. The parties in these cases, as we think, very foolishly refused or neglected to take out licenses for the business in which they were engaged, and the result has been that they each will be compelled to pay a penalty of three times the amount of the required license, and all the attendant costs, which accumulate in a U. S. Court with no tardy pace. It is no use for any person to attempt an avoidance of the requirements of this Law, which is new and unusual in the history of our Government, and only forced upon us now by a stern and unrelenting necessity, the damnable responsibility of which rests not upon our institutions or our Government, but upon Southern traitors and Northern "copperheads."

PORTSMOUTH GROVE HOSPITAL.—We are pleased to learn from not only those of our own citizens who have visited the Grove of late, but from returning soldiers themselves, that the arrangements for the comfort and health of the sick and wounded who are sent to this retreat for care and restoration are in every way complete and satisfactory. Every thing is arranged with a view to comfort, and the best of care and nursing is bestowed upon the patients. From a statement made recently by Rev. Mr. Proudfit, chaplain of the Hospital, it seems that out of some fourteen thousand patients who have passed through the Hospital since it was organized, only 125 have died. This fact speaks for itself, and further comment is unnecessary.

THE YACHT AMERICA, arrived here yesterday. She came in charge of Acting Master J. Baker, from off Charleston bar, where she has been acting in concert with the blockading squadron for the past eleven months. She left there on the night of the 4th of this month. She is to be stationed here for the use of the Naval Academy, and is of about 180 tons, and is armed with three guns—two 24 pounders, and one 12 pounder. She captured one prize, the *Davy Crockett*, while acting on the blockading squadron. She assisted in the capture of the *Princess Royal*, *Georgiana* to be fitted at Charleston as a privateer, and the Stonewall Jackson formerly the Leopard which our vessels drove ashore, where she was burned. The *Gertrude* afterwards captured by the *Vanderbilt*, was driven out by four shot, from the *America*, while attempting to enter Maffit's channel. These are some of the services which this yacht has rendered while off Charleston, in charge of her efficient and gentlemanly Commander Acting Master Baker. She is to be stationed here for the use of the Naval School, and will go out with the Marion in about three weeks, on a cruise, which the midshipmen are to make at that time. There is one yacht now stationed with the ships, but is a very small one.

THE FORT ADAMS DRAMATIC CORPS.—The material of which our army is composed, has often excited remarks from our transatlantic friends.—And well it might. There has scarcely a regiment which has gone into this war, that could not have founded a city, organized it and furnished every department of a municipal government with able, efficient and educated officers and every department of artizanship with skillful workmen.—On Fort Adams we have a Dramatic Corps. It is composed of thirty of the soldiers of the garrison, and they have already given three rehearsals.—On Friday evening next there is to be another, and those of our citizens who wish are invited to be present. The entertainment of the evening will consist of the play of "Box and Cox," and the Ethiopian Burlesque of the "Black Statue."—It will be interspersed also with songs and dance, by members of the Corps. We are not as yet fully "posted" as to the terms of admission, but all who wish can have an opportunity to be present, upon conditions which will be made known in due time for the performance.

THE OLD COLONY ROAD.—A special meeting of the stockholders of the Old Colony and Fall River Railroad Corporation was held yesterday in the city of Boston. The object of the meeting was to take into consideration the act of the Legislature of Massachusetts, approved April 29th 1863, authorizing a change in the location of the road as it passes through the city of Fall River, en route to Newport. After a full discussion of the question the amendment to the charter of the Corporation was adopted by a vote of 44 yeas to 11 nays.

REV. U. S. WHITE chaplain of the 5th R. I. Regiment, will address the citizens of Newport this evening at Aquidneck Hall, at 8 o'clock, upon the incidents connected with the relief of Gen. Foster at Washington, N. C., by that regiment—including running the blockade &c. Ladies and gentlemen are invited to attend.

CAPT. WM. G. TURNER, of the 2d R. I. Regiment, who was severely wounded at the late battle in Virginia, is now at Washington, and his brother-in-law, Mr. Lawton, will return to-morrow without him, as the physician of the Hospital has pronounced it to be improper to move him for some days. He is doing as well as might be expected, and is quite comfortable.

Stand by the Flag.—Every man, to whatever party he may belong, who loves his country, who wishes the honor of the flag maintained, will respond cordially to the manly sentiments of Washington Irving, written at the time of our last war with Great Britain. They are as true to day as they were then. He writes: "Whatever we may think of the expediency or inexpediency of the present war, we cannot feel indifferent to its operations. Whenever our arms come in competition with those of the enemy, jealousy for our country's honor will swallow up every other consideration—our feelings will ever accompany the flag of our country to battle, rejoicing in its glory, lamenting over its defeats; for there is no such thing as releasing ourselves from the consequences of the contest. He who fancies he can stand aloof in interest, and by condemning the present war can exonerate himself from the shame of its disasters is woefully mistaken. Other nations will not trouble themselves about our internal wranglings and party questions. They will not ask who among us fought, or who we fought, but how we fought. The disgrace of defeat will not be confined to the contrivers of the war or the party in power, or the conductors of the battle, but will extend to the whole nation, and come home to every individual. If the name of America is to be rendered honorable in the fight, we shall each participate in the honor; if otherwise we must inevitably support our share of the ignominy.

Heroic Youth.—Rev. A. H. Clapp, late chaplain of the 10th Rhode Island, at a meeting in Pawtucket, Wednesday evening, related some instances of heroism which he had observed among the wounded soldiers in the hospitals, among which was the following:

"A lad 16 years of age, a member of one of the Rhode Island batteries, who was shot through the shoulder on the peninsula. He was laid under a tree, and allowed to remain there until the close of the battle, then confined in an ambulance forty eight hours, and at length arrived at one of the government hospitals. During all this time the wound had been utterly neglected. The physicians said that amputation alone would save his life, but to that he would not consent. Finally he was sent to a hospital at Washington, and the physician at that post decided also that amputation was necessary. The little fellow was determined to save his arm in spite of all opposition. During the whole time he remained in the different hospitals, Mr. C. was informed that he had never been known to utter a word of complaint or shed a tear, but on the contrary, while the most painful operations were being performed upon him, such as probing, &c., his face invariably wore a smile. He saved his arm, and is now at home in Crompton."

Muggins recently reproached a friend for reading that treasonable sheet, the N. Y. *World*.

"It begets a religious frame of mind," was the reply.

"How?"

"It makes me long for another and a better World."

A gentleman remarked the other evening to a party that a woman is the most wicked thing in creation. "Sir," was the indignant reply of a young lady, "woman was made from man, and if one rib is so wicked, what must the whole of them be?"

A Bible for Vallandigham.—A conscientious citizen of Cincinnati, who has not lost all faith in Vallandigham or hope of his ultimate conversion, deeming his incarceration a fit opportunity, on Tuesday last sent him a Bible, the fly leaf of which bore the following inscription:

"Hon. C. L. Vallandigham, from his friend David F. Levin. Prepare to meet thy God! April 5th, 1863."

If we have lost on the Potomac we have gained on the Mississippi. Admiral Porter has captured Grand Gulf, a strongly fortified position at the mouth of the Big Black, covering the approach to Vicksburg, and Gen. Grant is already on his way to the rear of that place. With their supplies from the West cut off, the railroads communicating with the East destroyed, and a Federal army in their rear, the rebels in Vicksburg are in a critical position indeed. We hope before long to chronicle the final success of the attack on this place.

During the past week a gentleman called upon the President and solicited a pass for Richmond. "Well," said the President, "I would be very happy to oblige you, if my passes were respected; but the fact is, sir, I have within the past two years, given passes to 250,000 men to go to Richmond and not one has got there yet." The applicant quietly and respectfully withdrew on tiptoes.

Died.

In this city, 12th inst., of chronic croup, Walter M., eldest son of William J. and Mary A. Swinburne, aged 3 years, 9 months and 12 days.

Darling Walter, thou art gone,
Thy pure sweet face no more we see;
Dear Lord, how could we give him up
To any, but to Thee?

Sweet blighted bird, sin cannot harm
Thy pure and holy breast;
Jesus has taken thee in His arms—
Secure, thou there wilt rest.

TO THE PUBLIC.

Having been solicited by Physicians, Druggists, Grocers, and private families to add to my business "Pure Bourbon Whisky, in bottles the same as I am and have been doing with my "Schiedam Schnapps," to seal it with my seal, and add my certificate to the label, of its undoubted purity, I am happy to say that, after a great deal of difficulty, I have concluded an arrangement with two of the largest and oldest distillers in Kentucky for a regular supply.

The Whisky will be put up in quart bottles, and packed in cases of one dozen each.

We have tested the Bourbon Whisky which you sent us, and consider it justly entitled to the high reputation you claim for it.

We would recommend you to appoint some of the respectable Apothecaries in different parts of the United States as Agents for the sale of your Bourbon Whisky, where the profession can obtain the same, when needed for medicinal purposes.

Wishing you success in your new enterprise,

We remain your obedient servants,

REBEL GLORIFICATION.

Gen. Lee's Address to his Army.

HEADQ'RS. ARMY NORTHERN VIRGINIA,
May 7th, 1863.

General orders No 59.

With heartfelt gratification the General Commanding expresses to the army his sense of the heroic conduct displayed by officers and men during the arduous expedition in which they have just been engaged. Under trying vicissitudes of heat and storm you attacked the enemy strongly intrenched in the depths of a tangled wilderness and again on the hills of Fredericksburg, several miles distant and by the valor that has triumphed on so many fields forced him once more to seek safety beyond the Rappahannock. While this glorious victory entitles you to the praise and gratitude of the nation we are especially called upon to return our grateful thanks to to the only giver of victory for the signal deliverance he has wrought. It is therefore earnestly recommended that the troops unite on Sunday next in ascribing to the Lord, all glory in his name. Let us not forget in our rejoicing the brave soldiers who have fallen in defence of their country and while we mourn their loss let us resolve to emulate their noble example. The army and the country alike, lament the absence for a time of one to whose bravery energy and skill they are so much indebted for sucess.

The following letter from the President of the confederate states is communicated to the army as an expression of their appreciation of their services: "I have received your dispatch and reverently unite with you in giving praise to God for the success with which he has crowned our arms. In the name of the people I offer my cordial thanks to yourself and the troops under your command for this addition to the unprecedented series of great victories which your army has achieved. The universal rejoicing produced by this happy result will be mingled with a general regret for the good and the brave who are numbered among the killed and wounded."

(Signed,) R. E. LEE, Gen.

Ingratitude of the Government to the Irish Brigade.

Resignation of Gen. Meagher.

Gen. Meagher has resigned his commission as Brigadier General, commanding what was once known as the Irish Brigade. He says that brigade no longer exists. The assault on the enemy's works on the 13th of December last reduced it to something less than a minimum regiment of Infantry. For several weeks it remained in this exhausted condition. Brave fellows from the convalescent camp and from sick beds at home gradually reinforced this handful of devoted men; nevertheless it failed to reach the strength or proportions of anything like an effective regiment. These facts I represented as clearly and forcibly as it was in my power to do in a memorial to the Secretary of War in which memorial I prayed that a brigade which had rendered such services and incurred such distressing losses, should be temporarily relieved from duty in the field so as to give it time and opportunity in some measure to renew itself. This memorial was in vain. It was never even acknowledged. The depression caused by this ungenerous and inconsiderate treatment of the gallant remnant of a brigade that had never once failed to do its duty most liberally and heroically, almost unfitted me to remain in command. True however, to those who had been true to me, true to a position which I considered sacred under the circumstances, I remained with what was left of my Brigade and though feeling that it was to a sacrifice rather than to a victory that we were going, I accompanied them and led them through all the operations required of them at Scotts Mills and Chancellorsville beyond the Rappahannock. A mere handful, my command did its duty at these positions with a fidelity and resolution which won for it the admiration of the army.

It would be my greatest happiness as it would surely be my highest honor to remain in the companionship and charge of such men, but to do so any longer would be to perpetuate a public deception in which the hard won honors of good soldiers, and in them the military of a brave old race would inevitably be involved and compromised. I cannot be a party to this wrong—my heart, my conscience, my pride, all that is truthful, manful, sincere and just within me, forbid it. In tendering my resignation, however, as the Brigadier General in command of this poor vestige and relic of the Irish Brigade, I beg sincerely to assure you that my services in any capacity that can prove useful are freely at the summons and disposition of the Government of the United States. That Government and the cause and the liberty, the noble memories and the future it represents, are entitled unquestionably and unequivocally to the life of every citizen who has sworn allegiance to it and partaken of its grand protection; but whilst I offer my own life to sustain this glorious good Government, I feel it to be my first duty to do nothing that will wantonly imperil the lives of others or what would be still more grievous and irreparable inflict sorrow and humiliation upon a race who having lost almost everything else find in their character for courage and loyalty an invaluable gift, I for one will not be so vain or selfish as to endanger.

POSTSCRIPT.

TWO O'CLOCK.

FAST VESSELS OF WAR TO BE BUILT AT LAST.

The *Herald* says the Navy Department has at last made a move in the right quarter in reference to building vessels with a proper amount of propulsive power, so that we can have ships of war with sufficient speed to chase any vessel that has been or will be built in Europe. Mr. Delano the naval constructor at the Brooklyn Navy Yard and Mr. Harvey Steers of Greenpoint are each to build a vessel from their own models, while Mr. Dickerson will furnish the drawings of their engines. These vessels will be about three feet long and of about 8000 tons burthen, and not unlike the famous Niagara in many respects. They will carry eight heavy guns and it is believed they will be the fastest vessels of war ever built. These two vessels will be of about the size of the detail except that they must combine strength with speed so as to carry a heavy battery. In general construction they will not differ from ordinary vessels of their class but on that great desideratum speed, they will excel all others.

FROM NEWBERN.

NEWBERN, May 7.

It is said that the rebels refuse to receive the disloyal citizens sent out of our lines yesterday except those who can give security of their ability to take care of themselves. Gen. Foster has recently paid a handsome tribute to the nine months men in this department who soon go home with the victories of many battles inscribed upon their banners. He says there are no braver or better disciplined troops in the world and from the day they entered the service they have not only successfully rivalled our veteran soldiers but have proved more than a match for the enemy in every engagement. A large majority of these troops have expressed a determination to re-enlist for the war, after a months furlough, provided they can return to this department and fight under their old chief.

**GREAT INDIAN REMEDY
FOR FEMALES.**

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the monthly *sickness in cases of obstruction*, [illegible], and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES
have now been sold

without a *single failure*, when taken as directed, and without the least injury to health *in any case*. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by express, *closely sealed*, to all parts of the country.

PRICES—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M. at his office.* ☞ Accommodations for ladies wishing to remain in the city a short time for treatment.

Dr. Mattison's Diuretic Compound,

For Acute and Chronic Gonorrhea.

This new remedy contains neither Balsam, Copaiba, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, as well as the surest, speedy, cleansing and healing in its operation and speedily allaying all heat and irritation in the urinary passage. You, therefore, who have been swallowing those nauseous *Balsams* [illegible], either in capsules or mixtures, [illegible] until with pale faces and [illegible] your breath and clothes smelled with [illegible] throw away the disgusting mixtures [illegible] bottle of this *New Remedy*, which will not only cure you at once, but at the same time it will cleanse the system from the injurious effects of the [illegible] you have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $3,00.

Dr. Mattison's Anti-Syphilitic Syrup,

For Constitutional Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilis that is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured* [illegible] *Newport,* [illegible] *presented Dr. M. with* [illegible], *after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for five years.*

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator,

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, [illegible] *and Melancholy, which may end in Insanity.*

This new remedy for that fearful train of mental and physical evils arising from secret excesses and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Price*—Quart bottle, which lasts a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without any *benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill and whose *only recommendation is their own* false and extravagant *assertions* in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what his pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials*, without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON as above.

DURYEAS' MAIZENA

Was the only "preparation for food from Indian Corn" that received a medal and honorable mention from the Royal Commissioners, the competition of all prominent manufacturers of "Corn Starch" and "Prepared Corn Flour" of this and other countries notwithstanding.

MAIZENA,

The food and luxury of the age, without a single fault. One trial will convince the most skeptical.—Makes Puddings, Cakes, Custards, Blanc Mange, &c., without isinglass, with few or no eggs, at a cost astonishing the most economical. A slight addition to ordinary Wheat Flour greatly improves Bread and Cake.—It is also excellent for thickening sweet sauces, gravies for fish and meat, soups, &c. For Ice Cream nothing can compare with it. A little boiled in milk will produce rich cream for coffee, chocolate, tea, &c.

A most delicious article of food for children and invalids of all ages. For sale by Grocers and Druggists everywhere.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

IS THE ONLY REGULAR GRADUATE PHYSICIAN ADVERTISING IN BOSTON.

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

STRANGERS AND TRAVELLERS.

To avoid and escape imposition of Foreign and Native Quacks, *more numerous* in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and LESS as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines *by the dead*, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than is cured," and those not killed constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the Ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, ALAS! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

CURE THAT COUGH OF YOURS.

Use the Best, Surest, and cheapest Remedy the world has ever produced.

ONLY 13 & 25 CENTS PER BOTTLE.

MADAME ZADOC PORTER'S

GREAT COUGH REMEDY.

MADAME ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S BALSAM is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S BALSAM has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S Curative Balsam is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!!—Do not be persuaded to purchase articles at 4s. to $1, which do not contain the virtues of a 13 ct. Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other. Ask for Madame Porter's Curative Balsam, price 13 cts., and in large bottles at 25 cts, and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store keepers at 13 cts. and in larger bottles at 25 cts.

DR. E. G. GOULD'S

PIN WORM SYRUP

Is the first and only remedy ever offered to the public for the effectual removal of the Ascarides, or Pin Worms, from the human system. The high reputation it has established in the last two years, and the fact that it is fast superseding all other worm remedies, is the best test of its great [illegible].

It affords Relief in twenty-four hours and an Entire Cure is warranted

This SYRUP is also a most valuable family cathartic, to be always used when physic is required, ESPECIALLY FOR CHILDREN. DYSPEPSIA & FITS.

A SURE CURE FOR THESE DISTRESSING COMPLAINTS IS NOW MADE KNOWN IN A

"Treatise on Foreign and Native Herbal Preparations."

Published by DR. O. PHELPS BROWN.

The prescription was furnished him in such a providential manner that he cannot conscientiously refuse to make it known, although he never was a believer in Clairvoyance, Spiritualism, Psychology, &c. This remarkable remedy has cured everybody who has tried it, never failing in a single case. It is equally sure in cases of Fits as of Dyspepsia; and the ingredients may be found in any drug store. Those who are afflicted with Consumption, Bronchitis, or Asthma, may also be cured by the use of my Herbal Preparations, which are charged with electro-magnetic properties, and an *aura* or aromatic atmosphere is continually emanating from them, in consequence of the *positive* and *negative* repulsion of its atomical electro-magnetical principles, thereby rendering their efficacy truly wonderful in all cases of Lung Complaints. I will send this valuable prescription free to any person on receipt of their name.

The subscribers have become agents of the patent GALVANIZED IRON COFFIN, a new article finished in the most beautiful manner and made of what has proved by years of experience to be *the most imperishable of all materials.*

This article in shape and outward appearance resembles a highly finished rosewood coffin. It is much less awkward, in appearance lighter, more efficient and easier handled than the cast iron coffins which have been in use for several years.
